

FREE WEBINAR

Advancing Adult Day Care in Minnesota

Tuesday, April 26 @ 10:00 AM (CST)

→ Presented By: Sam Frederick

Join Our Next Webinar, Advancing ADC in Minnesota!

After Covid, Adult Day Cares are looking for ways to be more efficient. That doesn't happen with paper time sheets and with signing in and out your attendees. It happens when state of the art technology meets your agency.

In this webinar, we will walk through how to implement Pavillio for your ADC agency, what roadblocks to look out for when adding clients, and how to maintain documentation using Pavillio.

Sam Frederick, formerly of a large agency of 2500 clients, will host this webinar and take questions.

You will learn about:

1. Adult Day Care in 2022 in Minnesota: what does it look like?
2. Live attendance and time capturing – How Pavillio does it.
3. How does Pavillio make you more efficient, and therefore more profitable?
4. Documentation and billing – the Pavillio way.

Migration Success Story: Chrestomathy, Inc.

Cashé is dedicated to support implementation success. We provided a dedicated Project Manager, Christine, who met regularly met with Chrestomathy regularly to assist in implementation success. Together, Cashé and Chrestomathy, Inc. implemented a pilot program with a small number of employees before rolling out Pavillio to the entire team.

"We started with a pilot group in November, then a whole site in December, a second site in January, and the whole company was up and running by January 14th. The set up was very good. Day to day, attendance, time capture, it's been really smooth with our growth."

- **Josh Moore, Chrestomathy, Director of Operations**

Pavillio Provides Peace Of Mind

The Commissioner of Minnesota Department of Human Services has authorized the use of a 5% temporary rate increase from April 1st, 2022 through June 30th, 2022. What does that mean for your agency using Pavillio? **Well, we've already taken care of it.**
